

Round Security Bollard

TECHNICAL DATA

This round security bollard is insurance company recommended and easy to service. This product lends itself to garage door protection, residential and commercial security. It has been installed across many major car showrooms across the UK.

The Security Bollard product range offers attractive aesthetics which are particularly appropriate for applications such as garage forecourt protection or locations where aesthetics are a high priority. This bollard is made from mild steel and available galvanised or powder coated with a choice of standard RAL colours.
